Today our school hosted Australia's Biggest Morning Tea. Everyone had a fantastic morning, with the student performances, the great spread of food and the scone competition were certainly highlights. Thank you to everyone who brought a plate of food to share and to staff, especially Mrs Crawford and Nat for the time they have taken to organise the set-up, games, prizes and run through of the events. As usual our staff go above and beyond and it was a great opportunity to be able to get together for a good cause.

Tomorrow we are excited to be holding our Pizza-Party & Game Day at Peter Dawes Park to celebrate the achievements of our students and staff this term. Report Cards and the Weekly Testing results went home yesterday, and it is so rewarding to see the progress that every student has made. Every single student has made significant improvements since the beginning of the year which is a testament of their hard work, grit and growth mindset.

Congratulations students & staff! Last Friday our students competed in the McKISSA Athletics Carnival. Thank you to our staff and parents who volunteered their time to set up, pack up and run the day. All students competed with a very high degree of sportsmanship and school spirit - well done to all. Special thanks to the hard working parents on the McKISSA committee and to President Jodi Keough for the many volunteer hours liaising with parents, organising the program and supervising the run of the day. It was a huge team effort, congratulations everyone - we are very excited for our next get together.

Students who placed first or second in the 10-12 years events will be eligible for the Mid-West Athletics Trials in Hughenden during the first week of Term 3. There were also a number of records broken, which will be announced as soon as they have been confirmed.

Finally, I wish all of our parents, staff, students, families and the wider community a very happy and safe holiday break. School resumes on Monday 16<sup>th</sup> July and we are all looking forward to a refreshed and energetic start to Term 3.

Cheers,  
Kate

Hello everyone,

What a term! This term has been 11 weeks long and has had many extra-curricular activities that have kept the 3-6 class extremely busy. What a privilege it has been for me to work with the students in the 3-6 room. They have shown both commitment and persistence throughout the term. I am very proud of their achievements and look forward to Term Three.

I would like to extend a special thank you to Dan Alexander who was able to help with science this term. His participation and generosity of time and products have made science very exciting for us all.

I wish everyone a happy and safe holidays.

Bye for now,
